I saw the space shuttle (<https://www.livejournal.com/away?to=http%3A//www.newscientist.com/blogs/shortsharpscience/2012/04/goodbye-fly-by-for-space-shutt.html>) today. There might have been some difficulty swallowing. Probably because of the angle of my head. Yeah, that's it.

COLLAPSE

Me too--we had our weekly staff meeting on the Mall today. The number of people down there was... reassuring, somehow.

Also, damn, that is one lucky pilot who got to buzz the Washington Monument with a spaceship on his back.
